

# CONNECT

## PRESS RELEASE

Linvest is pleased to announce the newest addition to our growing high-rise portfolio – Connectt. Following the recent completion of our successful Sonic community in Toronto, Connectt is our first high-rise project in Milton, located at Derry Rd W. and Ontario St., and is scheduled to include 3 towers in total.

Linvest could not be more ecstatic with this recent acquisition. In taking over this project, we look forward to continuing to move the development from inspiration through to reality.

Linvest is set to launch Connectt this Spring with the clear intention of shining a light on the Milton skyline.
